HAMPSHIRE | 220D60-MW
Faucet shown in Polished Nickel

MATTE WHITE BATHTUBS

A matte bathtub can transform your bathroom into a relaxing spa right in your home. The non-glossy surface creates a natural, calming atmosphere that is perfect for your bathroom. Perfect for a busy home, the matte surface conceals dirt and smudges and is also more slip-resistant than glossy bathtubs. These on-trend contemporary bathtubs are ideal for a modern style bathroom. Shop Maidstone’s contemporary matte white bathtubs today, and enjoy a relaxing, luxurious bathtub experience.

FEATURES

- On-trend finish provides a natural relaxed setting
- Conceals dirt, smudges, and fingerprints
- Non-porous surface
- Low maintenance and easy to clean

HAMPSHIRE

The luxurious Hampshire Freestanding Tub fits perfectly in a modern bathroom. Add elegance to your bathroom with the gentle curves of the Hampshire.

INFINITY COLLECTION

Enjoy a relaxing bath in one of the freestanding bathtubs from Maidstone’s Infinity Collection. These contemporary tubs have a sleek modern look with thinner walls and large soaking areas. Constructed from high-gloss, stain-resistant acrylic, these bathtubs are easy to keep clean and will always be the focal point of your master bathroom suite. Pair with a freestanding faucet from our Infinity Collection to complete the look. We guarantee you’ll enjoy an infinite number of baths in your new Maidstone Infinity Bathtub!

FEATURES

- Sleek, modern designs with slim edges and thinner walls
- Large soaking areas
- Easy to clean and maintain
- Features the same structural integrity as Maidstone’s dense acrylic bathtubs

HAVANA

Transform your bathroom into a spa-like retreat with the Havana Freestanding Tub. The gently sloping sides provide a luxurious place to lounge and relax.

TUB FOAM

Maidstone now offers tub foam insulation for all our contemporary acrylic bathtubs!* Our specially designed spray foam blend is part of our Keep Warm Promise, providing an extra layer of warmth to the inner wall of the tub, so you'll no longer worry about the bathwater cooling too quickly. You'll also save on water by no longer needing to add more hot water to your bath, creating a more environmentally friendly bathing experience. Enjoy a stress-free bath and save money today with Maidstone's tub foam insulation!

**Not available on tub packages*

- Bathtub Faucet
- Floor Connect Drain
- Tub Foam Insulation Service

Please include the code **PACKAGE** on your PO for 10% off total combined item price.

MINERALCAST

Maidstone's MINERALCAST Solid Surface is a renewable decorative material, created from an advanced blend of resin and minerals. The solid, 100% non-porous, impermeable blend is as beautiful as it is functional. MINERALCAST maintains it's beauty long after installation. Easy to clean and maintain, remove minor scratches and scuffs with ease. Heavier than typical contemporary bathtubs, our MINERALCAST tubs are built to last. Available in silk matte or gloss finishes, the MINERALCAST color permeates throughout the surface so you can rest assured your tub will continue to look new for years to come.

FEATURES

- Available In Designer Colors
- Beautiful, Durable & Exceptional Quality
- Renewable & Repairable Because Of The Impermeable Surface
- Special Order Colors Available In Silk Matte Finish
- Available Exclusively Through Maidstone

EZE

Lean back, relax and enjoy the comfort of the Eze Freestanding Tub. Constructed from MINERALCAST, the solid surface of this tub is scratch and stain-resistant, durable, and easy to maintain. MINERALCAST tubs are heavier than typical contemporary tubs.

SPECIFICATIONS

- Pop-Up Drain with Rear Center Drain
- UPC Certified
- MINERALCAST Solid Surfacing
- Item 220-DRAIN or access below the floor is recommended for installation.

CUSTOM PAINT

Let Maidstone transform your bathtub into a work of art by adding custom paint. Maidstone can custom paint the exterior of any cast iron clawfoot tub or sink, or acrylic clawfoot tub with a rolled rim with your choice of paint color from a major paint manufacturer.* Please include the paint manufacturer's name and number on your PO.

In addition to our paint matching service, Maidstone is pleased to offer a palette of metallic faux finishes shown in the swatches above. This bold statement of metal transforms an ordinary bath into an artful experience.

SHOWER BASES

Enjoy the luxury of one of our shower bases. Each shower base is constructed from a premium blend of natural and man-made materials, engineered to maximize durability and comfort. These shower bases are covered with an anti-slip gel coating to ensure safety. They're highly resistant to scratches, chemical agents, and temperature changes. They're easy to install and clean, featuring antimicrobial properties, helping to prevent fungus and bacteria. Sitting flush with the floor and featuring a stainless steel drain cover, which is lacquered to match the color of the shower base, a shower base is a perfect addition to your master bathroom suite.

FEATURES

- Anti-slip gel coating
- Resistant to scratches, chemical agents, and temperature changes
- Easy and fast installation
- Antibacterial, preventing the growth of bacteria
- Can be installed flush with the floor or above the floor

INFINITY FREESTANDING FAUCET | 121-HFF2-8
Faucet shown in Matte Black

INFINITY FREESTANDING FAUCETS

Fill your bathtub quickly with one of our Infinity Freestanding Tub Faucets. These contemporary bathtub faucets have high flow rates that set a new benchmark for performance, filling your bathtub at triple the speed of your typical bathtub faucet. Securing to the floor with a valve, the faucets' sturdiness will give you peace of mind. The modern style pairs well with contemporary bathtubs.

SPECIFICATIONS

- High Flow Freestanding Faucet
- Brass Construction
- Backflow Preventor
- UPC Certified
- Includes Superior Rough-in Valve
- Tub Faucet Flow Rate: 16.2 GPM at 80 PSI

MINERALCAST FARMHOUSE SINK | GFARM
SINK shown in Titanium

KITCHEN

At Maidstone, we’re always looking for the most innovative and beautiful products for our customers. We’re happy to introduce an assortment of new kitchen products to our catalog including fireclay utility sinks, MINERALCAST sinks, retrofit copper sinks, and more.

NEW TO MAIDSTONE

FIRECLAY UTILITY SINKS

Perfect for the kitchen, bathroom, or laundry room, our fireclay utility sinks feature long basins. The roomy basin provides plenty of room for washing dishes, scrubbing stains from clothes, or simply washing hands. The sturdy fireclay construction is designed to last a lifetime.

MINERALCAST SINKS

MINERALCAST Sinks are made using the same non-porous solid surface material as our MINERALCAST Bathtubs. Available in four stylish finishes, these sinks can be installed as undermount or drop-in, providing versatile options for any space.

RETROFIT COPPER SINKS

Our retrofit copper sinks will turn heads in your kitchen. These heavy-duty copper sinks are beautiful and easy to maintain. Slightly more shallow than the normal farmhouse style, these retrofit sinks are designed to easily install in counter units without the need for custom counter cutting or cabinet door refitting.

CUTTING BOARDS

Functional accessories are key to any kitchen. Our cutting boards are available in two different collections. Choose a sink designed with a cutting board inset and matching wooden cutting board or a MINERALCAST cutting board to accompany the new solid surface sinks.

KITCHEN SINKS

Make a Maidstone Kitchen sink the centerpiece of your kitchen. Choose from our wide selection of premium quality, Italian fireclay in a variety of styles, sizes and weights. In addition to fireclay, choose from a variety of materials including stainless steel, cast iron and copper. For a more modern asthetic select an undermount design. With Maidstone's high-quality construction and on-trend design options, we guarantee you'll find the best kitchen sink for your home.
